About the Satellite Session: *Linking Health Care and Substance Use Disorders Services: Supporting Health and Wellness*, sponsored by the Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT). This is a special full-day session preceding the 72nd College on Problems of Drug Dependence Annual Meeting.

To be held in beautiful Scottsdale, this 1-day meeting will foster linkages between the primary health care and substance use disorders services delivery systems. Such linkages are expected to improve integrated care for individuals and families and, ultimately, to enhance their overall health and well-being.
