

# Stimulant Webinar Series

Sponsored by Great Lakes ATTC & Northwest ATTC | June-August 2019

1

## Strategies to Address Cocaine and Methamphetamine Use

June 11, 2019 | 12-1pm PT | Register here: <http://bit.ly/StimWebRegister0611>

This presentation provides an overview of the current knowledge on the problem of stimulant (cocaine and methamphetamine) use in the US. Topics will cover: 1. A review of the extent and geography of the use of cocaine and methamphetamine; 2. An articulation of the clinical syndromes produced by acute and chronic stimulant use; 3. A description of the strategies for addressing acute intoxication, withdrawal and stimulant induced psychosis; 4. A review of behavioral treatments with evidence of efficacy for the treatment of stimulant use disorders; 5. An overview of the current status of pharmacotherapy research on treatments for stimulant use disorders; 6. A discussion of vulnerable populations, including the problem of stimulant use by individuals in medication treatment for opioid use disorders.

1-2pm MT | 2-3pm CT | 3-4pm ET

Presented by Richard Rawson, PhD

2

## Treating Individuals with Stimulant Use Disorders

July 18, 2019 | 12-1pm PT | Register here: <http://bit.ly/StimWebRegister0718>

This second installment of the webinar series will feature a panel of providers presenting their experiences with effective treatment strategies and evidence-based practices for working with individuals with stimulant use disorders. Michelle Peavy, PhD of Evergreen Treatment Services will address challenges and strategies of working with individuals with comorbid opioid use and stimulant use disorders. Dominick DePhilippis, PhD will present on use of contingency management with this population in the VA system. Regina Fox, BS, CSAC will discuss use of the Matrix Model of treatment in a community-based treatment organization.

1-2pm MT | 2-3pm CT | 3-4pm ET

Presented by K. Michelle Peavy, PhD; Dominick DePhilippis, PhD; and Regina Fox, BS, CSAC

3

## Evidence-Based Practices in Treating Stimulant Use Disorders

August 15, 2019 | 12-1pm PT | Register here: <http://bit.ly/StimWebRegister0815>

While the first two installments of this webinar series focus on effective treatment strategies and models for addressing stimulant use disorders, this last installment features three presenters discussing change management strategies for successfully implementing evidence-based practices (EBPs). Todd Molfenter, PhD will provide an overview on how implementation science informs successful uptake of EBPs. Bryan Hartzler, PhD will present tips for community-based implementation of contingency management. Denna Vandersloot, MEd will share lessons learned from implementation efforts involving the Matrix Model of treatment.

1-2pm MT | 2-3pm CT | 3-4pm ET

Presented by Todd Molfenter, PhD; Bryan Hartzler, PhD; and Denna Vandersloot, MEd
