With that in mind, when applying for the fellowship, ensure you will be able to successfully complete the program. Make space and treat this opportunity as a priority, if you miss sessions or decide to leave the program after your acceptance, you are taking this opportunity away from another qualified individual who could benefit from and take advantage of this fellowship
- We truly appreciate your feedback. To this end, we kindly ask you to complete the mandatory (and anonymous) monthly survey evaluation, as an opportunity for us to improve our efforts and continue to serve you in the best way possible
