WHAT'S NEW UPDATE STIs, HIV, HEPATITIS, FAMILY PLANNING, AND ADDICTIONS

Conference Description

This conference will focus on the integration efforts that support a collaborative healthcare approach. Current medical updates in services for STIs, HIV, TB, hepatitis, family planning and addictions will be discussed.

After completing this conference, the learner should be able to:

1. State current practice in the care and treatment of STDs, HIV, TB, and hepatitis
2. Explain how to screen clients for substance abuse issues
3. Identify Population at risk for HIV/STIs/Mental Health and Substance Abuse
4. Demonstrate effective team skills by sharing information effectively, listening and responding to feedback from others, and using simple communication.
