About:

You are invited to participate in a training regarding the American Society of Addiction Medicine's (ASAM) Level of Care Assessment and Tool. According to ASAM: "The ASAM Criteria is the most widely used and comprehensive set of guidelines for placement, continued stay, transfer, or discharge of patients with addiction and co-occurring conditions."

The purpose of this training is assist Missouri providers in utilizing the ASAM Criteria when working with those seeking substance use disorder treatment.

After the training participants will be able to:

- help clients/patients receive the most appropriate and highest quality of treatment services
- encourage the development of a comprehensive continuum of care
- promote the effective and efficient use of care resources
- enhance access and protect funding for care

Presenter Bio:

Marvis Doster, RN, CARN, is a Certified Addictions Registered Nurse who has been an addiction professional since 1971 with 43 years at the Heartview Foundation in Mandan, Bismarck and Cando and more recently as Clinical Director at ShareHouse, Inc in Fargo, ND. Currently, a Technology Transfer Specialist with the Opioid Response Network in association with Mountain Plains Addiction Technology Transfer Center at UND, Marvis is assigned to seven states to address the opioid issues by connecting Prevention, Treatment and Recovery consultants with organizations requesting technical assistance through a Federal SAMHSA grant. Marvis has been a national trainer for ATTC in Screening Brief Intervention and Referral to Treatment (SBIRT), Telehealth, Medication Assisted Therapy, and ASAM Placement Criteria, Compassion Fatigue as well as many years as the trainer for Social Setting Detoxification and Withdrawal Management throughout North Dakota. Marvis has served on the Mayors Blue Ribbon Committee to address the opioid issues in the Fargo area, the Committee for Impaired Professionals for the ND Board of Nursing and is currently the Vice Chair of the ND Board of Addiction Counseling Examiners.

The ASAM Placement Criteria Training of Trainers for the ATTC in 2017 has afforded Marvis many opportunities to share her expertise in the understanding and application and utilization of the criteria. With her years of clinical supervision and administration of withdrawal management, residential and outpatient SUD treatment services, the training is dynamic and personalized by her experience and commitment to standards of care throughout the continuum of SUD treatment services.
