## Clinical Supervision Foundations II

### Three-part Videoconference via Zoom + “homework” assignments

February 14, 22, and 27

9:00am-1:00pm (Eastern Time)

#### Description

This 16-hour training (12 hours of live interactive training through Zoom + 4 hours of professional development plan assignments), combined with the 14-hour online “Clinical Supervision Foundations I” training, will meet the 30-hour Clinical Supervision training requirement for the Advanced Counselor and Master Counselor status, as referenced in the OASAS Substance Use Disorder Scope of Practice. This training recognizes the crucial role that Clinical Supervision holds as the cornerstone of performance improvement at both the program and client level.

Clinical Supervision, when properly implemented by competent Clinical Supervisors, improves client care, develops clinical skills, and improves the knowledge and professionalism of clinical personnel. It is also paramount in imparting and maintaining ethical standards in the addictions profession.

**Registrants must complete “Clinical Supervision Foundations I” and email their certificate to [northeastcaribbean@attcnetwork.org](mailto:northeastcaribbean@attcnetwork.org) no later than February 10<sup>th</sup> in order to attend this training.**
